WOLFE NURSERY
STEPHENVILLE, TEXAS

HOME ORCHARD AND LANDSCAPE GUIDE

DEVELOPED — AND SOLD
ONLY BY WOLFE NURSERY

TEXABERTA

The Nation's Perfect Peach

A perfect freestone that ripens about July 10. This outstanding peach has not missed a crop at Belton, Texas, since it was originated 24 years ago. Combine the best qualities of all peaches, add a few, and you have Texaberta. It has bright red, juicy flesh around the seed, forming into deep, tender yellow toward the bright red-covered skin. Delicious? — well, you just don't know what good eating is until you have had the juice of a Texaberta running down your chin after a good bite. Texaberta produces in mild climates where Elberta is a failure — and — it is extra FROST RESISTANT. Texaberta is sold only by Wolfe Nursery and is labelled with a RED stripe.

ROSSBERRY

*The
Greatest
Berry
I've Ever
Found*

Juicy cobbles made with fresh berries, home-made jam with gobs of butter and hot biscuits — those are the things that the whole family can enjoy. The eating pleasure that you get from your own berry patch is worth time and time again the little amount of work it takes to grow berries.

THE INCOMPARABLE

ROSSBERRY

IT HAS EVERYTHING and is the sensation of quick-freezing. It is huge in size, and has the unusual combined flavor of Raspberry, Loganberry, and the sweet Blackberry. It fruits the first year after planting and withstands cold and drought. It actually likes dry weather. Remarkably free of the usual diseases. Small, soft, seeds are very few. Now growing in over sixty Federal and State Experiment Stations. First berry to ripen and a very heavy producer. 600 gallons per acre. Grows on a trellis and very easy to pick. As told by the original grower, Rossberry was created by Luther Burbank and went undiscovered for many years.

PRICES:

10 Plants — \$1.95	30 Plants — \$4.95
20 Plants — \$3.69	40 Plants — \$5.95

DEW-BLACKBERRY OFFER

For freezing—for Cobbles—for preserving—for eating pleasure for your family. This offer means fresh berries a'plenty for your enjoyment.

PRICE: ALL 100 only \$8.95

THORNLESS BOYSENBERRY

A huge maroon-red berry that grows on an absolutely thornless vine. Its juicy, tangy flavor makes it ideal for fresh eating, canning, cobbles, jams, pies, or jellies. Thornless Boysenberry is adapted the country over and it thrives and produces heavily on back yard fences.

PRICES:

10 Plants — \$1.29
20 Plants — \$2.29
30 Plants — \$3.39
40 Plants — \$4.19

DEW-BLACKBERRY

A wonderful cross between the old, delicious Dewberry and the tasty, sweet Blackberry. There's not a more delicious fruit grown than Wolfe's Dew-Black. Heavy producing, disease resistant plants make Dew-Black one of the most outstanding of all good berries.

PRICES:

10 Plants — \$1.29
20 Plants — \$2.29
30 Plants — \$3.39

Wolfe's PEACHES

DIXIE GEM

A Superb Yellow Freestone

Ripening Early in Spring

Firm and sweet — A Peach that melts in your mouth. A bowl of tree-ripened Dixie Gem with cream and sugar—and man—you'd be a Dixie Gem booster for life. Dixie Gem is a delightfully tasty yellow freestone Peach that ripens early—a full 4½ weeks before Elberta. Along with Texaberta and Melba, it represents the very best of all peaches that we sell. Perfect for eating fresh—quick freezing or canning—and it is well adapted to all areas. Plant the Gem of them all—Dixie Gem—today—now.—Labeled with a blue stripe.

2 yr. Large Trees — \$2.49 2 yr. Medium Trees — \$1.98 2 yr. Small Trees — \$1.49

GROUP SPECIAL

**3 MELBA
Heavy 1 yr.
Size \$2.95**

Melba PEACH

By far our greatest find in an all-purpose, large, delicious, honey-hybrid peach. It is adapted from coast to coast and is the leader of all frost-resistant varieties. Our show orchard here at the nursery took 10 degrees below freezing while in full bloom and still produced a bumper crop. Melba starts ripening early in June and lasts most of July. No other peach ripens over such a long period. Never has a fruit variety received such unanimous acclaim as Melba. Not one person has failed to say, "That's the best peach I ever tasted." Melba, the Honey-Hybrid, Queen of all eating peaches, is labelled with two RED stripes.

GIANT HALE

GRAND WINNER AT FRUIT
SHOWS ALL OVER AMERICA

A Grand Champion Show Peach that draws more attention and brings higher prices on the market than any variety that we know. Giant Hale is a yellow freestone that ripens July 15th. Its skin is a deep, rich red, and its meat a bright yellow. We have Giant Hales come out of our bearing orchard that would weigh over a pound and would be as much as a foot in circumference. It's a giant all right and you will be proud of the results you get when you plant Giant Hale. Labelled YELLOW.

2 yr. Large Trees — \$1.69 2 yr. Medium Trees — \$1.29
2 yr. Small Trees — \$.89

NEW — AND JUST GREAT!!

RANGER

A recent United States Dept. of Agriculture introduction that ripens four weeks prior to Elberta. Ranger is a bright highly colored peach — The fruit is highly desirable for freezing and canning — the flavor being sweet and good. Ranger trees are vigorous and productive, with indications of resistance to common diseases.

LABELLED RED over WHITE

2 yr. Large Trees — \$1.98
PRICES: 2 yr. Medium Trees — \$1.49
2 yr. Small Trees — \$1.19

RED HAVEN

This new variety is rapidly becoming the leading real early yellow peach. The fruit is large, almost a solid red like a Jonathan apple. The yellow flesh is firm, sweetly delicious, high quality. Freestone. A hardy, vigorous grower and very productive . . . Red Haven combines the best qualities of color-flavor—and large size. . . . It is a thoroughly tested and approved variety—Worthy of a place in your home or commercial planting Labelled RED over ORANGE

a superb eating plum

SANTA ROSA PLUM

ADAPTED FROM COAST TO COAST

For year in, year out production of choice, large size, beautifully colored fruit, Santa Rosa is considered to be outstanding—It is a widely adapted variety—During a recent visit to the coastal area we observed a Santa Rosa tree literally loaded with superb quality plums. Santa Rosa makes a vigorous—heavy producing tree—Bearing at an early age.

Large Trees — \$1.98 Medium Trees — \$1.49 Small Trees — \$1.29

New Elberta

POPULAR ALL-AROUND FAVORITE

This is a juicy, yellow freestone that ripens about June 20. The first of its class to reach the market, New Elberta has been widely planted as a commercial peach because of its young bearing habits and high quality fruit. It is a good home orchard variety, since it is an extra fine all-around peach. Whether you want to eat it juicy ripe off the tree, can, or freeze it, you'll like New Elberta. Grown and guaranteed by Wolfe, new Elberta is labelled with one PINK stripe.

\$3.29

HALEHAVEN

A prize-winning freestone that ripens June 25th. Halehaven is a large, beautifully colored, yellow-fleshed peach that is without question one of the finest canners grown. Commercial orchardists know Halehaven as a bountiful producer and a splendid shipper that brings top prices on the market every year. It is perfectly self-fertile, extremely hardy, prolific, and a good pollinator for other peaches. Labelled with two BLUE stripes.

2 yr. Large Trees — \$1.69 2 yr. Medium Trees — \$1.29
2 yr. Small Trees — \$.89

WOLFE'S ELBERTA

Would you believe that there are over 100 kinds of Elbertas being sold by nurseries? Very few have the original pure-strain that gained world-wide fame for its size, color, flavor, and bearing habits. The buds that we use come right off trees in our own bearing orchard. It's the oldtime Elberta that our parents knew and remembered as being one of the most dependable bearing trees of all time. Our true Elberta, a huge, yellow freestone, ripens July 10th. Labelled with one GREEN stripe.

2 yr. Large Trees — \$1.69 2 yr. Medium Trees — \$1.29
2 yr. Small Trees — \$.89

INDIAN

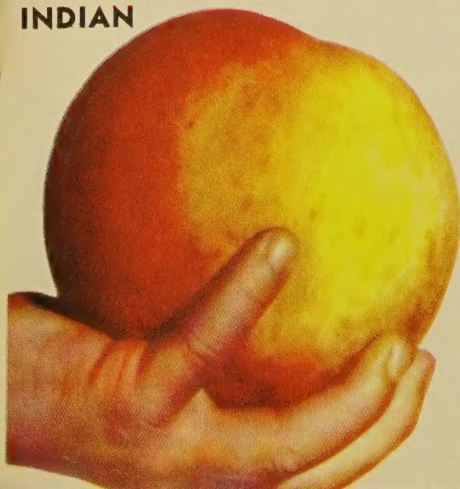

(Pictured Lower Left)

A real handful of the most outstanding, red-fleshed, red-skinned peach that is grown. Mrs. Wolfe says it is the finest pickling peach in the land, and women who live in the Stephenville area come to our orchards every year when the Indians get ripe—they buy them and pickle them, and the whole family has a treat all winter long. Not only are they a treat when they are pickled though—they're fine eatin' when picked ripe right off the tree. Our true-strain, old Indian Cling ripens July 20. Indian is labelled ORANGE.

2 yr. Large Trees — \$1.69 2 yr. Medium Trees — \$1.29
2 yr. Small Trees — \$.89

FRANK PEACH

INDIAN

One of the best All-around Peach varieties of all time—the heaviest producing variety in our own orchards here at Wolfe Nursery—FARM AND RANCH Magazine says, "The most outstanding peach produced in the Southwest." That just about tells the story, for Frank is outstanding in every respect. It is a large, firm, juicy, yellow cling that ripens August 10th. It's so sweet that most women can them without sugar. Frank's record year-in, year-out production proves its value as an outstanding frost-resistant variety that is a "must" in every home or commercial orchard. Labelled with one WHITE stripe.

2 yr. Large Trees — \$1.69 2 yr. Medium Trees — \$1.29
2 yr. Small Trees — \$.89

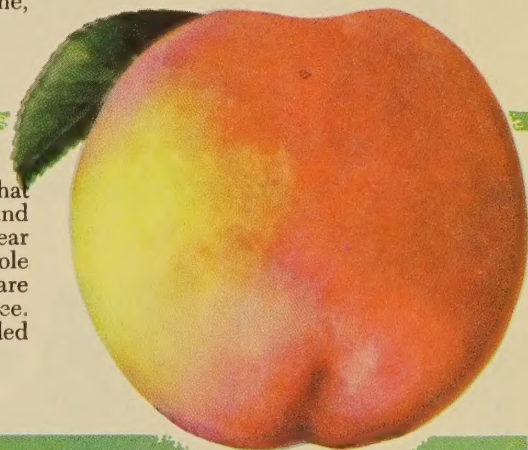

ELBERTA PEACH SPECIAL

HALEHAVEN

ELBERTA

FRANK

Wolfe's PERSIMMONS-

COLORFUL

Allred Plum

We know of no other fruit tree that offers such beautiful blossoms during the spring — such outstanding, colorful red foliage all during the growing season — and such delicious eating. Allred is a dual purpose tree — not only does it produce one of the nation's outstanding quality plums, it is absolutely unsurpassed as a beautiful and colorful landscape tree. The fruit looks like a dark cherry, only larger, and its flesh is a juicy, deep red. It is ideal for either eating fresh off the tree, or for making a tasty, bright red jelly. The leaves are RED — the stems and branches are RED. The fruit is RED inside and out, and the tiny seed is RED. Allred is truly ALL RED. Labelled with a BLUE stripe over a WHITE stripe.

2 yr. Large Trees — \$2.39

2 yr. Medium Trees — \$1.89

2 yr. Small Trees — \$1.39

BURBANK PLUM

One of the finest eating Plums that ripens about June 25th. It is a large, purplish-red Plum with deep yellow, delicious flesh. A very prolific variety that was created by, and named for, a great man. Burbank is an excellent commercial Plum, and sells in the fancy fruit class. It is labelled with a BLUE stripe over a GREEN stripe.

PRICES:

2 yr. Large Trees — \$1.89

2 yr. Medium Trees — \$1.39

2 yr. Small Trees — \$1.19

BRUCE PLUM

The best large red Plum grown in the South. The tree is very healthy, bears very young and produces loads of Plums nearly as large as a hen egg. It ripens early in June, and growers report getting \$8.00 per bushel on the New York market. Other varieties of Plums must be planted with Bruce for pollination. It is the only variety on our list that is not self-fertile. In commercial plantings, we recommend planting one pollinator to twenty Bruce. Bruce is labelled BLUE over RED.

2 yr. Small Trees — \$1.69

PLUMS-NECTARINES

DWARF

Sapa Plum Cherry

This dwarf Plum Tree—small in size as it is—produces a superior quality fruit in such tremendous quantities that it is difficult to believe a tree so small, could produce so much.

This is Mrs. Wolf's jelly plum and she personally asks us to pass on the following words to you: "We've been growing plums here at our nursery for over 30 years, and I'm sure that over that period of time we have tested over 100 plum varieties. Never, during that period, have I ever seen any plums that made a more beautiful or tasty jelly than the Sapa Plum Cherry. It has been our family favorite for over 20 years." The Sapa is a bountiful producer of rich, dark purplish-red plums that are just as sweet as sugar. It ripens the latter part of June. Labelled BLUE over PINK.

HOWARD'S MIRACLE PLUM

THE INTRODUCTION of the "Miracle Plum" marks an epoch in the advance of fine fruits for the table. The tantalizing and delicious flavor, the great size, firm amber flesh, combined with its delightful color, place the "Miracle Plum" in a class by itself. Invariably, after tasting the "Miracle Plum," comes the exclamation: "This fruit is truly a miracle. It is something out of this world." Here are some facts about the "Miracle Plum": Extraordinarily large size fruit, average diameter 2½ to 2¾ inches. An astounding surprise to the palate, flavor not unlike the Nectarine, Peach and Plum mixed; skin thin and unnoticeable when eating fruit, miniature stone, meat Nectarine-like in quality. Keeping qualities excellent, delicious in preserves, fruit ripens over a long period during July and August. Exceedingly fast growing and quick bearing tree which will bear fruit second year after planting. Beautiful ornamental tree of medium size, foliage persistent, in Autumn richly tinted not unlike the leaves of the Maple. Can be grown in a small garden. 1 Yr. Trees, Labelled Blue over Orange.

2 yr. Large Trees — \$2.50

2 yr. Medium Trees — \$1.45

2 yr. Small Trees — \$1.19

A distinctively different Fruit

NECTARINE

The Nectarine is such a delicious fruit it has always been a source of disappointment that there has been no Nectarine variety which was dependable in this area. Only now have we succeeded in getting a Nectarine that has stood the test. These big, bright red and yellow fruits are unbelievably good, and so good looking that you will keep a bowl of them on the table just for ornament. (We guarantee they won't stay in the bowl long, they taste too good.) You'll not have to hope for a crop—you'll get it every year without fail. Add to all this the fact that the big spring blooms have such a lovely clear pink color that it is almost as ornamental as the finest flowering Peach—after all this, does it sound as if you could afford to be without it? Ripens in July.

2 yr. Large Trees — \$2.49

2 yr. Medium Trees — \$1.69

STREAMLINER

Sensational Everbearing Strawberry

Never has a new strawberry become so popular as quickly as Streamliner. The reasons are simply that it produces so heavily the big red berries of such fine flavor. **PLANTED THIS SPRING IT WILL BEAR THIS SUMMER AND FALL.** Then next year it will produce a tremendous crop in June and after a short time it will start again and keep on right up to freezing. The Berries are Big, Red, Sweet and **DELICIOUS.** Streamliner is self-pollenizing so can be planted alone. Eat them, preserve them, freeze them. We want to repeat: Streamliner has that rich, sweet real strawberry flavor.

Shop and save on all plants and garden supplies at the Wolfe Nursery Store nearest you — Open seven days a week for your shopping convenience.

HELPFUL PLANTING GUIDE *Free*

With every nursery stock order, we send a Free Planting Guide. It tells in a clear, simple way how to plant so that even if you have never done any planting, you can have success. It tells, also, how to prune, water, care for plants over winter, how far apart to plant, etc.

IT IS EASY and CONVENIENT TO ORDER FROM YOUR DEPENDABLE WOLFE NURSERY

In the privacy of your own home you can order from Wolfe Nursery the finest, most reliable nursery plants that are grown. Use the simplified order sheet which is in the center of this catalogue. The name of everything in this catalogue is listed on the order sheet as follows: name, color label, size, price each — all you have to write is the quantity and total price. Carry the total of each column to the Special Offers where you write TOTAL. Place your simplified order blank into the handy envelope and send to us today. Note: If trees or plants are sold by specific size, that size is shown on order blank. Many trees are sold as 2-yr. mediums or 2-yr. large trees. This will be shown in "size" Column of the order blank as MED. for medium or LAR. for large.

NURSERY STOCK IS SHIPPED AT PROPER PLANTING TIME

We begin shipping just as soon as the plants are properly cured by frost — Usually this is around Dec. 1st — Sometimes sooner — all depending upon the weather — Some items, such as mums, are not ready until Spring — You may depend on all plants being shipped to you at the *right* time for the best results for you — *Please*, do not ask us to ship before stock is dormant — Order early for early delivery . . .

NEW METHOD OF WRAPPING

We are now using a new product, Polyethylene or Polyethylene-coated kraft paper, which retains the natural moisture of plants for several days yet allows them to "breathe." Exhaustive tests by leading colleges and universities and practical use have proven this to be the best method of shipping nursery stock. It means that your nursery stock will arrive in perfect condition **EVEN WITHOUT MOSS OR OTHER PACKING MATERIAL.** If shipment arrives during a spell of bad weather, you can leave it in the package for several days. Of course, you should plant as soon as you can because the sooner you get it in the ground the sooner it starts growing and the quicker you get flowers or fruit.

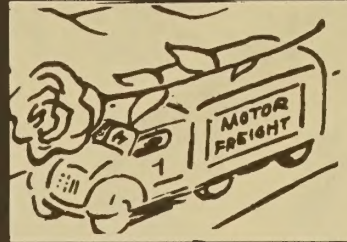

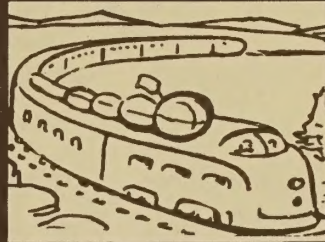

SEPARATE SHIPMENTS

Trees, shrubs, small fruits and roses are shipped together and will usually arrive a few days before perennials and bulbs and a few other items. Also, late in the season Strawberries are shipped separately. You may receive several shipments before your order is completed. We do this to assure the best possible condition of your stock when it arrives. This notice is to save you unnecessary correspondence.

"THAT SOMETHING EXTRA"

As a Wolfe Nursery customer, you join a group of many thousands of wise home owners who have come to know and depend on Wolfe Nursery — You buy the best, only, from this catalogue — and yet — you pay considerably less than is normally paid for such quality — Yes, you save when you buy direct from the grower — and you receive *fresh Plants.*

HOW WE SHIP

LET US HELP YOU SAVE ON SHIPPING CHARGES

You add just 10% to your order — We, in turn, pay all shipping charges for you from the shipping point here at Wolfe Nursery, saving you the extra fee charged on collect shipments.

Although it actually costs us more than 10% to ship your order to you, we are happy to handle it in this manner . . . making it convenient and more economical for you to buy from dependable Wolfe Nursery.

Please Note Our Minimum Order Request

Because of increased costs throughout the nursery industry, we have found that handling orders amounting to less than \$3.00 results in a loss to the nursery. Regardless of this loss, we want to serve your needs and ask that you look through the catalog carefully and order in excess of the \$3.00 minimum. We will lose money in order to please a customer, but ask your cooperation in avoiding asking for shipments that total less than \$3.00.

Wolfe Nursery's Guarantee

1. We guarantee our stock to be true to name. If it proves otherwise, we will replace free or refund the amount you paid us for it.
2. We guarantee our stock to be first quality and to reach you in good, live growing condition. Examine it carefully upon arrival, and if you are not entirely satisfied, return it at once and we will replace it free or refund your money.
3. Our stock is carefully handled, and under ordinary conditions should grow for you. But if it does not, owing to the weather and other conditions over which we have no control, we will replace at half price the following season, you to notify us not later than October 1st, 1959, accompanying your report with a remittance of one-half original purchase price.

We WANT you to be satisfied. If anything is wrong, we want you to write to us.

Below is a photograph of one of our many paper-shell pecan fields . . . Here you find the most select varieties of pecans, carefully grown by experienced horticulturists — The nation's very finest paper-shell pecan trees come from Wolfe Nursery — specialists in nut tree production for over a third of a century. . . .

WOLFE'S DWARF

FULL SIZE - DELICIOUS FRUIT ON DWARF

WOLFE'S DWARF APPLE TREE

WOLFE'S DWARF APPLE TREES

These attractive small trees require little space, yet often bear the first or second year after transplanting. Highly prized for the small garden where space is limited since they can be planted 10 to 12 feet apart. Although the trees are dwarf in size, they will bear full sized fruit in great abundance. Can be planted anywhere you want a flowering tree as they are extremely decorative in spring when in bloom. Our trees are grown on imported Malling understock to insure dwarf tree. Plant some and enjoy picking fresh, luscious fruit from your own trees.

Wolfe's

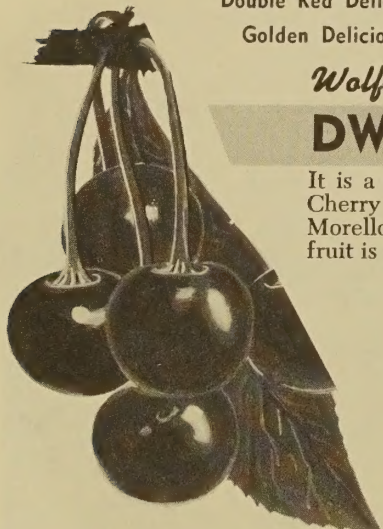

DWARF CHERRY

It is a cross between a very hardy Siberian Cherry and the English Morello. It is a Morello type of pie Cherry and at first the fruit is a bright red changing to a mahogany-red. The skin is tender and the flesh is juicy, meaty and tender. The tree is small by nature, but very productive. Ripens July 5th to 10th, and the fruit will hang on the tree in good condition for about two weeks. Promises to become a leading commercial variety.

THE NEW LOOK IN FRUIT TREES PERFECT FOR HOME ORCHARDS AT CITY OR COUNTRY HOMES

Everybody likes home grown fruit. It tastes better when tree ripened and saves money, too. The newest innovation in home fruit tree growing is Dwarf Fruit Trees. You can plant a whole orchard in your back yard—for five trees can be planted in the same space as one standard size tree. They bear even quicker, often the first year after planting, yet the fruit is generally larger than grown on big trees, and with the same delicious flavor. Trees are dwarf, so small that you don't even need a ladder to pick the fruit and care for the trees, yet strong and sturdy enough to give you bushels of big, luscious fruit. Moreover, these dwarf fruit trees are ornamental. They have beautiful flowers in the spring, the trees are shapely and you get delicious home ripened fruit besides. Enjoy these easy-to-pick dwarf fruits without delay. Order today.

DWARF PEACH TREES

Throw away your ladders! Stand on the ground and pick bushels of Peaches. Bears second year planted. Our Dwarf Peach trees are grown on a special hardy, dwarf understock which assures you the tree will never grow more than 6 feet tall. Takes a small space in your yard. Heavy producer, enough delicious fruit for you and your neighbors. Will bear for years and years as this special rootstock is very long lived. Especially beautiful when in bloom.

WOLFE'S DWARF ELBERTA PEACH

Enjoy huge—delicious—pure strain Elberta peaches from dwarf size—space saving trees in your yard. Our new dwarf peach trees produce full size, spectacular fruit the second year. You'll be so pleased—and glad that you planted the "New Look" in peaches.

2 yr. - 3 to 4 ft. Trees \$2.95 each - 2 for \$5.60

WOLFE'S DWARF NEW ELBERTA

An all time favorite peach grown in a brand new way. You—and your neighbors, too—won't believe your eyes when you see full size ripe peaches—lots of them, too—on these attractive Queen size trees.

2 yr. - 3 to 4 ft. Trees \$2.95 each - 2 for \$5.60

WOLFE'S DWARF HALEHAVEN PEACH

We've budded Halehaven on dwarf understock because it is such an outstanding variety. You will pick the same size—same high quality fruit from your dwarf trees as are picked from the regular large size trees.

2 yr. - 3 to 4 ft. Trees \$2.95 each - 2 for \$5.60

DWARF HOME ORCHARD

★ Buy Now—Save Now On

A Spectacular Dwarf Orchard

Dwarf trees take up such a very small amount of space that you can plant four trees where you could normally plant only one. This special offer includes 1 Red Delicious Apple—1 Bartlett Pear—1 Bruce Plum and 1 Elberta Peach—a complete home orchard that takes up just a little space.

A REGULAR \$12.82 VALUE

NOW ALL 4 FOR ONLY \$9.95

FRUIT TREES

SIZE - COMPACT 6 FOOT TREES

DWARF BARTLETT PEAR

★ KING SIZE FRUIT — QUEEN SIZE TREE

There's hardly a person that doesn't know the Bartlett Pear and its qualities, as it is grown in, and is adaptable to all different climates, soils and situations. Fruit is large, golden yellow in color with a reddish blush on the sunny side. Flesh is tender and juicy, with a delicious aroma. Trees are vigorous, bear young, live long, and barring frosts or freezes, they bear full crops year after year. Justly the leading commercial Pear—a leader among canning Pears. Sept.-Oct.

PRICE: 2 yr.—3 to 4 ft. Trees \$3.29 - 2 for \$5.95

DWARF GOLDEN CLUSTER APRICOT

A superb variety—freestone—smooth and fuzzless with a rich orange color. Dwarf Apricot trees make lovely yard trees as well as producing a high quality—good eating Apricot.

2 yr.—3 to 4 ft. Trees - \$3.29 - 2 for \$5.95

AMERICA'S FINEST PLUMS NOW IN DWARF SIZE TREES

PLANT WOLFE'S DWARF PLUM TREES FOR EARLY AND HEAVY PRODUCTION

DWARF BRUCE PLUM

You will enjoy fragrant, beautiful blossoms as well as tasty large size plums from Wolfe's Dwarf Bruce Plum trees. These are heavy caliper—two year trees. They will normally fruit the second year after planting. For jellies—jams—eating fresh—for an attractive and unusual yard tree, plant Dwarf Bruce Plum now.

2 yr.—3 to 4 ft. Trees - \$3.29 - 2 for \$5.95

DWARF GOLD PLUM

Best of All Yellow Plums

A golden yellow plum—inside and out—that makes the prettiest, clearest jelly you ever laid eyes on. Gold is recognized as the best of all yellow plums—certainly it is the most consistent—and heavy producer of all yellow varieties.

2 yr.—3 to 4 ft. size \$3.29 each - 2 for \$5.95

DWARF SAPA PLUM-CHERRY

This dwarf Plum Tree—small in size as it is—produces a superior quality fruit in such tremendous quantities that it is difficult to believe a tree so small, could produce so much. This is Mrs. Wolfe's jelly plum and she personally asks us to pass on the following words to you: "We've been growing plums here at our nursery for over 30 years, and I'm sure that over that period of time we have tested over 100 plum varieties. Never, during that period, have I ever seen any plums that made a more beautiful or tasty jelly than the Sapa Plum-Cherry. It has been our family favorite for over 20 years." The Sapa is a bountiful producer of rich, dark purplish-red plums that are just as sweet as sugar. It ripens the latter part of June. Labelled BLUE over PINK.

2 yr.—3 to 4 ft. Dwarf Trees \$1.89 each - 2 for \$3.60

5 VARIETIES ON ONE TREE

5 IN ONE APPLE

A COLORFUL - UNUSUAL - ATTRACTIVE
TREE THAT FRUITS IN ABUNDANCE

Now you can pick five delicious varieties of Apples from one tree. Yes, you now have the advantage of a small Apple orchard without taking up the space required for planting five separate trees. Just imagine, five different, deliciously flavored Apples all from the same tree.

Have Apples growing all summer—early, midseason, late, all crisp, juicy and wonderful. Some of the finest varieties available including: Double Red Delicious, Double Red Jonathan, Golden Delicious, Yellow Transparent, McIntosh. With its flowers, rich green foliage and fruit, it is attractive enough to plant in front yard.

HOLLAND

Wolfe **APPLES**

THE Holland Apple

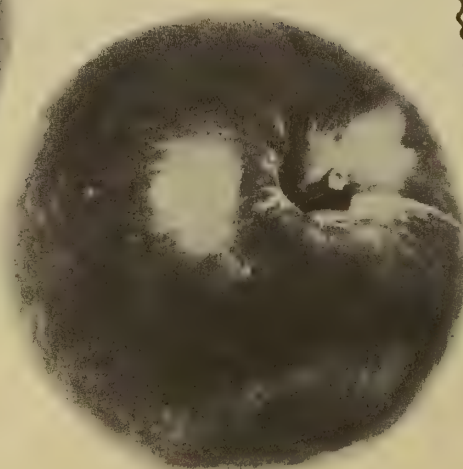

**DOUBLE RED
DELICIOUS**

**GOLDEN
DELICIOUS**

KING DAVID

Mother Nature must have decided to combine all the best qualities of apples into one when Holland was originated. When I first saw this grand apple at Weatherford, Texas, I knew it was the Apple that Texas and the great Southwest needed. For many years, Holland has proven to be a consistent, heavy producer of huge, dark, strawberry-red, smooth, firm, juicy-fleshed Apples. Its delightful flavor more than pleases the most exacting taste.

Being a native Texan, Holland is especially adapted to our climate and soils, but has proved outstanding wherever Apples are grown. Holland is the perfect apple for home planting. Of course, its most outstanding point is that it will consistently produce apples for us here in the South. Then, it's self-fertile. You do not have to plant another apple with it to get it to produce. You get heavy production with just one tree. It ripens early — July 20. It will fruit for you the 2nd year following planting. Labelled ORANGE over RED.

PRICES:

2 yr. Large Trees — \$2.50

2 yr. Medium Trees — \$1.95

2 yr. Small Trees — \$1.49

HOLLAND PRODUCES YOUNG

Our Holland Apple orchard was planted in February and bore its first fruit 5 months later in July. Holland is the youngest bearing, heaviest producing apple we have ever grown.

Apple **SUPER SPECIAL**

Four Early-bearing Apple Trees at a big saving to you. A regular \$5.00 value for only \$3.95. All four apples for

ONLY \$3.69

DOUBLE RED DELICIOUS

Pictured left

The old King of red eating Apples that is grown from coast to coast with equal success. By thinning the fruit properly, Double Red will develop into a huge size. Our pure-strain Double Red bears loads of big, sweet, firm apples, that are a treat to enjoy. Trees you receive from Wolfe Nursery are budded from our own bearing orchards. Store-bought apples are picked before they are ripe and don't compare with those picked from your own trees. Double Red Delicious is NOT self-fertile and MUST be planted with either Holland, Golden Delicious, or King David. Double Red is labelled ORANGE over BLUE.

PRICES:

2 yr. Large Trees — \$1.98 2 yr. Medium Trees — \$1.49
2 yr. Small Trees — \$.98

THERE'S GRAND EATING PLEASURE

IN

Golden Delicious

Pictured left

By far the outstanding Apple in its class. Self-fertile and an excellent pollinator in the home or commercial orchard. Golden Delicious is a mild, juicy, sweet, crisp, white-fleshed apple with new-gold skin that has a distinctive flavor all its own. It is a richly fragrant and appetizing apple that belongs in every home planting. Like Holland, Golden Delicious is adapted to a wide territory and bears very young. Golden Delicious is labelled with an ORANGE stripe over a WHITE stripe.

PRICES:

2 yr. Large Trees — \$1.98 2 yr. Medium Trees — \$1.49
2 yr. Small Trees — \$.98

KING DAVID

Pictured left

An August Apple that will yield from \$200.00 to \$300.00 per acre. One orchard at Baird, Texas, has produced as much as \$500.00 worth of King David Apples per acre. It also proves that "Money DOES grow on trees." KING DAVID is a medium size, firm, bright red apple with a tart acid flavor, somewhat similar to the old Winesap—juicy. Very prolific producer and healthy grower. Perfect for apple pies, cobbler, apple jelly, jams, and apple butter. Tall all-purpose apple that is one of the best pollinators. Labelled ORANGE over YELLOW.

PRICES:

2 yr. Large Trees — \$1.98 2 yr. Medium Trees — \$1.49
2 yr. Small Trees — \$.98

Sweet & Tart CHERRIES

for Home
canning or fresh eating

MONTMORENCY

The best known and the most widely planted of America's tart Cherries. The fruit is large size, its color bright red, and its flesh firm. It's the principal canning cherry because of its dependable production and the hardiness and disease resistance of the tree. Plant only in altitudes of 600 feet and up. Labelled WHITE over GREEN.

PRICES:

1 yr. Large Trees — \$1.98
1 yr. Medium Trees — \$1.59
1 yr. Small Trees — \$1.29

BLACK TARTARIAN

A large, sweet, black cherry, known best as an ideal fresh eating fruit. The Cherry is rich and flavorful—the tree a vigorous, upright grower that is a colorful, welcome addition to any landscape plan. It takes such a little bit of space to grow cherries that no home orchard should be without one or two. The unusual, appetizing flavor of juicy homegrown fruit pays you back a hundred-fold for the small amount of effort it takes to grow and care for the trees. Black Tartarian is labelled WHITE over RED.

PRICES:

2 yr. Large Trees — \$2.98
2 yr. Medium Trees — \$2.49
2 yr. Small Trees — \$1.89

Please Note

We do not recommend the planting of cherries south of Waco, Texas, and only for Home Orchards south of Wichita Falls, Texas.

TEMPTING - TANGY GOODNESS

Wolfe's RUBY RED CRAB APPLE

Transcendent

"Most valuable of all red Crabs," because of very heavy production, attractive crimson red color, good size, and unexcelled quality of its jelly, preserves, jams, and pickles. Tree is dwarfish. Pink blooms and ruby-red fruits make it a fine lawn ornamental. Bore ½ bushel at 2 years. Labelled ORANGE over GREEN.

PRICE:

Large Trees — \$1.98 Medium Trees — \$1.69

APRICOTS

**SELECTED HEAVY BEARING VARIETIES
FOR YOUR HOME ORCHARD**

SUPERB

*Most Outstanding of All Apricots
Adapted to the Southland*

In Superb we have found a large, richly colored, fine flavored apricot that can be counted on to produce good crops every year in the South as well as in the North. It's thoroughly adapted to our climate and soils and its yearly production of big, orange-yellow fruit is just what literally thousands of home owners have asked for for years. Our search for an apricot that would produce for you every year is ended. We proudly present Superb, guaranteed by Wolfe Nursery. Labelled with a GREEN stripe over RED.

PRICES:

2 yr. Small Trees — \$1.49

WE GROW OUR OWN TREES.

IT PAYS TO BUY DIRECT

FROM THE GROWER

MOOR PARK

SUPERB

GOLDEN CLUSTER

Golden Cluster

A medium to small prolific Apricot with a smooth light orange-yellow skin. The delicious yellow flesh is firm but juicy. Not dry like some common varieties of Apricots. Apricots should be cultivated very shallow as the feeder roots are close to the surface. Golden Cluster is labelled with a GREEN stripe over a WHITE stripe.

PRICES:

2 yr. Large Trees — \$2.29
2 yr. Medium Trees — \$1.69
2 yr. Small Trees — \$1.29

MOORPARK

The most popular commercial apricot grown and adapted to most all sections. It is rather a large Apricot with tender, sweet orange flesh. It separates easily from the small seed and is a grand variety for eating fresh, canning, or drying. Hangs on the tree remarkably well. Every home orchard should include apricots, for the tree-ripe fruit has a flavor that just can't be matched. Moorpark is labelled with a GREEN stripe over a BLUE.

PRICES:

2 yr. Large Trees — \$2.29 2 yr. Medium Trees — \$1.69
2 yr. Small Trees — \$1.29

SWEET · JUICY · FULL FLAVORED

Pears

DOUGLAS PEAR

The Sugar Pear That Bears Very Young

We've never had any pear variety that offers more production or bears earlier than Douglas. I'll never forget summer before last when we had a Douglas Pear block near a road that goes over the nursery. People that visited us and drove over the place never ceased to be amazed at this whole block of trees just loaded down with fully mature pears. Why, the trees weren't but about 4½ or five feet tall and many of those little trees had as many as ten or twelve pears on them! You'll like the bearing qualities, and the color, and taste of Douglas Pears just as all of those visitors did. It's *Blight-Resistant* and bears consistently each year, ripening about August 15. Labelled with a PINK stripe over a YELLOW stripe.

PRICES:

2 yr. Large Trees — \$2.89 2 yr. Medium Trees — \$2.19
2 yr. Small Trees — \$1.89

GARBER

For eating juicy ripe off of your tree or for preserving for year-round pleasure, Garber is ideal. It is beautifully colored and well shaped, and the tree is vigorous as well as highly disease-resistant. Labelled PINK over BLUE.

PRICES:

2 yr. Large Trees — \$1.98 2 yr. Medium Trees — \$1.69
2 yr. Small Trees — \$1.39

KIEFFER

A variety adapted to all sections — including sections where Bartlett is a failure. It is a sure bet for heavy, consistent crops of large, white-fleshed pears. It is a golden yellow pear that is an extra good cooker and ideal for winter storage. It will keep for a longer time and gets very sweet and mellow after about a month. Kieffer is labelled PINK over RED.

PRICES:

2 yr. Large Trees — \$1.98 2 yr. Medium Trees — \$1.69
2 yr. Small Trees — \$1.39

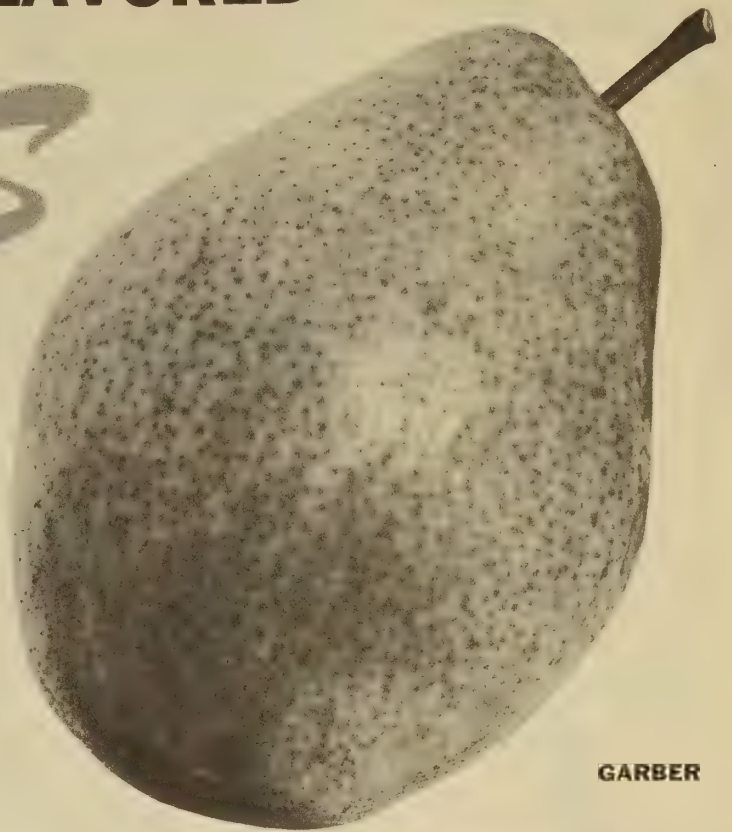

ORIENT

A brand new *BLIGHT-RESISTANT* variety that has been acclaimed outstanding everywhere that it has been tested. Without reservation, we, here at Wolfe Nursery, recommend Orient as perhaps the finest home orchard and commercial pear that has ever been sold. Sturdy, healthy trees, heavy production, high quality, and adaptability to all sections, place Orient on the top of the list of America's Pears. Its skin is lemon-yellow and the flesh is creamy white with a smooth, delicious texture. The shape of the tree makes it ideal as a yard tree. Labeled PINK over WHITE.

PRICES:

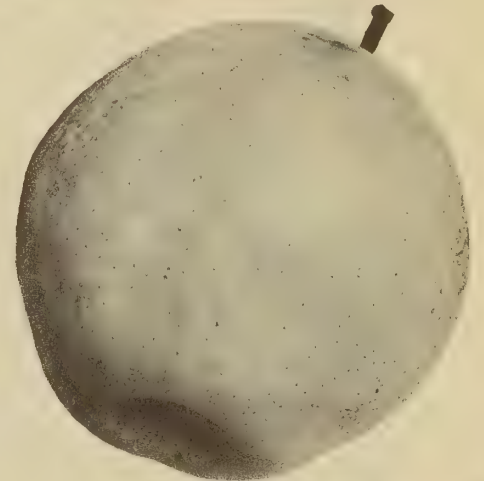

2 yr. Large Trees — \$1.98
2 yr. Medium Trees — \$1.69
2 yr. Small Trees — \$1.39

Choice **PAPER-SHELL PECANS**

Pecans are an investment that will pay big dividends the rest of your life, no matter how many trees you plant. A small investment in a Pecan grove will make money for you and for generations to come. Put Pecans in the proper soil and they immediately double the value of your land. Let us help you in selecting soil and varieties. Pecan trees will send your children and grandchildren through school, pay the taxes on your place and give you plenty for good all-winter feasting.

The World's Largest Pecan

Giant

MAHAN

Can you imagine Pecans so large that the clusters of nuts look like bananas on the trees? That's Giant-Mahan — THE WORLD'S LARGEST PECAN. The nuts look somewhat like Schley but they are more than twice as large. Giant-Mahan is also a true brittle paper-shell and brings more money per pound than any other Pecan. This variety has become increasingly popular due to the healthy, vigorous-growing tree which makes a beautiful shade specimen. It grows upright and puts on dense, dark green foliage. The leaves are extremely large. Added to this feature, it is adapted to all sections and is resistant to common diseases. Giant-Mahan is a heavy producer and our Machine-Dug root system enables it to start bearing soon after you plant it. Giant-Mahan and Garner make an ideal pair for home or commercial planting. Mahan is labelled with one WHITE stripe.

PRICES: 2 to 3 ft. Trees — \$2.69
3 to 5 ft. Trees — \$4.69

5 to 7 ft. Trees — \$6.69
7 to 9 ft. Trees — \$9.49

There is no tree that adds so much to the value of your land as does a papershell pecan.

BLUE RIBBON PECAN OFFER

PAPER-SHELL PECAN SPECIAL

This is the "perfect" combination of Papershell Pecans. If you look for production of high quality, huge size papershell pecans—if you look for beautiful, valuable, long-lasting shade trees—look no more, for this "perfect" combination gives you the ultimate in production, plus shade that's a joy to enjoy. Our BLUE RIBBON OFFER is made up of 3 selected trees. Two Stuarts and one Giant Mahan. Offered in three different sizes. If you want only the finest—at a saving—order today.

PRICES:

3 Trees 5 to 7 ft. size — \$16.95

3 Trees 3 to 5 ft. size — \$10.95

3 Trees 1 to 3 ft. size — \$5.95

WOLFE'S SELECT PAPER-

WILL PROVE TO YOU THAT —

STUART

A POPULAR VARIETY ADAPTED TO ALL
SECTIONS INCLUDING THE COAST

Stuart comes nearer to being well adapted to all sections of the country and all soils than any other variety. It is an excellent producer and a hardy, fast growing, healthy tree. The meat has a real Pecan flavor and the shell is medium thick—somewhat brittle.

The average Stuart will run 48 to 50 per cent kernel. As you can see by the actual color picture at the left, the Pecan is large and always well-filled. The trees bear regularly and are highly resistant to scab. Stuart is labelled YELLOW.

PRICES:

2 to 3 ft. Trees — \$2.40
3 to 5 ft. Trees — \$3.98

5 to 7 ft. Trees — \$6.40
7 to 9 ft. Trees — \$8.50

SUCCESS

This most popular Eastern variety is in demand because of its excellent flavor; large, plump, smooth, creamy kernels that release perfectly from the thin soft shell. Forty of the big nuts usually make a pound and it tests High in meat content. The tree is a beautiful, vigorous grower and highly resistant to scab. It heads low and makes an ideal variety for yard planting. Success ripens a few days later than Stuart. Both are very polliniferous. Wolfe Pecan trees will grow off faster—produce earlier—and make a vigorous shade tree years sooner. Buy Wolfe Nursery selected trees and you buy the finest. Success is labelled with one PINK stripe.

PRICES:

2 to 3 ft. Trees — \$2.40
5 to 7 ft. Trees — \$6.40

3 to 5 ft. Trees — \$3.98
7 to 9 ft. Trees — \$8.50

WESTERN SCHLEY

THE PIONEER WESTERN VARIETY

PRODUCING PROFIT EVERY YEAR

One of the most ideal home orchard and commercial varieties. Its size is large and its shell thin. Western Schley never fails to prove that money does grow on trees. The tree is remarkably healthy, a strong grower, early and heavy producer. A genuine Risien Gold Medal Pecan that makes a gorgeous shade specimen in a hurry. Labelled with a GREEN stripe.

PRICES:

2 to 3 ft. Trees — \$2.40
5 to 7 ft. Trees — \$6.40

3 to 5 ft. Trees — \$3.98
7 to 9 ft. Trees — \$8.50

Juicy Ripe Figs the First Year WOLFE'S EVERBEARING FIGS

You can have fresh big, soft, sweet Figs the first year from Wolfe Everbearing Figs. Easy to plant and easy to grow. I wish you could spread some of the delicious Fig preserves that Mrs. Wolfe makes, on a hot biscuit, with a little butter and then take a big bite. Good! So good that you'd plant three or four Figs in your back yard. Figs the first year!

Good! Fresh Figs are Luscious

It bears the first year and ripens big, delicious Figs from July until frost. Bears on new growth. As the actual color picture shows, it is a beautiful Fig and very sweet. \$400.00 an acre was made on this Fig at Dallas, Texas. Labelled PINK over WHITE.

"Money Does Grow on Trees"

Burkett

For UNSURPASSED SHADE in YOUR YARD —
For EATING PLEASURE and SELLING PROFIT
Plant Wolfe's FAST GROWING BURKETT

The leader, and will continue to be, in Western varieties. Burkett is a regular and heavy producer of large, round, fat pecans that are perfect for home use and bring top market prices. Burkett is popular—as long as we have been in business the market demand for Burkett and Garner has never been supplied. It has a rich flavor and its meat content is so high that just a few of these choice pecans go a long way. Plant Western Schley or Garner for perfect pollination. Plant only in altitudes of 600 ft. and up and on well-drained land. Wolfe Nursery's select Burketts are labelled with one BLUE stripe.

WOLFE NURSERY'S WORLD FAMOUS PAPERSHELL PECANS

THE

GARNER

ALL PLANTS PAID
TO YOUR DOOR

*A Wolfe Nursery introduction acclaimed outstanding
for quality, production, and unexcelled shade.*

Plant your pennies and watch your dollars grow. Garner starts growing dollars in a hurry. We have fruited this great Pecan alongside of many others during a period of 16 years and it has made more money per tree than any other. We have never been able to supply the demand. Garner will bear at least one-third more per tree than other Pecans and produce nuts the first or second year after you plant them. WHY? Because Garner just naturally bears young. Add this desirable trait to Wolfe's "Machine-dug" root system that reduces "TRANSPLANT SHOCK"—the use of FRUIT BUDS in propagation, and you have the answer to why people prefer Wolfe's Garner Pecan Trees. Garner is FROST-RESISTANT—bears every year and is one of the first to mature in the fall. It is a TRUE paper-shell—so thin it can be cracked with the fingers. The creamy, delicious kernels are extremely rich in oils, proteins, carbohydrates, vitamins, and distinctive flavor. Plant in uplands of sections only at altitudes of 600 feet and UP. Garner is one of the most outstanding Western varieties ever discovered. Should be planted with Mahan for best results. Order your trees early. Get the benefit of early rains. Garner is labelled RED.

PRICES:

2 to 3 ft. Trees — \$2.95

3 to 5 ft. Trees — \$4.75

5 to 7 ft. Trees — \$6.90

7 to 9 ft. Trees — \$9.49

**Garner
will outbear all
other Pecans.**

Note this beautiful Pecan; what a thin shell, how perfect the big kernels, and the ideal shape. John Garner is about one-third larger than pictured above. **SOLD ONLY BY WOLFE.**

HIGH NOON

RESISTANT ALL AMERICAN CLIMBER

All of the concentrated brilliance of sunshine at mid-day is captured in the lovely buds of this extraordinary climbing Rose. The blooms are bright shining, lemon yellow and they stay on for a long period of time. Its well shaped buds are one of its most outstanding features. Many, including my wife, say that there's not any other rose that produces a more beautiful bud. In early spring, High Noon seems to burst out all over, but it does not stop there. It continues to produce masses of blooms until hard frost. Plant Pat. No. 704.

LOVELY

Paul's Scarlet

This popular Rose is the most admired of all climbers. It is a blaze of glory in the spring and the beautifully shaped scarlet blossoms literally cover the strong, graceful branches. In full bloom, it stops everyone who is passing by. Every flower lover should find a place for this Queen of Climbers. Paul's Scarlet is labelled with a BLUE stripe over a RED.

CLIMBING PINK RADIANCE

The new everblooming Hardy Climber and Pillar Rose. This variety fills a long-felt need for a real pink, full-petaled, hardy climbing rose. Another most appealing quality is its pleasant spicy and penetrating fragrance. The blooms last for days after cutting. Climbing Pink Radiance produces successive crops of flowers throughout the summer, ending with a gorgeous display in late fall. It has a neat, compact habit which allows for easy training on a 6 to 8 foot trellis or arbor; also does well when trained as a "pillar" rose. Labelled RED over YELLOW.

The Glorious

FLORIBUNDA

CREATE LOW

Floribunda varieties planted in solid beds give a magnificent display. Known this for they've jeweled the continent with millions of them. planting them in small groups in front of shrubbery in combination. bunda variety "Fashion" is simply breath-taking.

Fashion

Only Rose Ever to
Win 6 International
Awards!

All America Awards Winner for 1950, Fashion blooms are bright coral-peach, a most amazing color because it is so brilliant and, at the same time, so soft and lovely. There is no other Rose color like it. Add to this the exquisite form of both the bud and open flower, and you will see why this Rose is being hailed with such enthusiasm. It has won the National Rose Society's Gold Medal in England and the famous Bagatelle Gold Medal in France. Scores and comments of the All-America judges gave it high praise, also. The open blooms are about 3 inches across or larger. Buds open slowly to a wide-open flower with gracefully waved petals and a rich display of golden stamens. Pleasing old-Rose fragrance. Plants are good and vigorous, bushy, with neat, small, glossy foliage. It reaches a height of 2½ to 3 feet, with few thorns. We consider it a gem, as it brings a brand-new, enchanting color to Floribunda Roses. Plant Pat. No. 789.

AAA Jumbo Grade — \$2.00 each

3 or more — \$1.75 each

FLORADORA

The breath-taking color of Floradora makes it one of the outstanding Floribundas. Very deep orange-red buds open up to 3 to 4 in., cup-shaped blooms of sharp vermilion-red. These flowers appear in strong bright clusters of 4 to 10 blooms. The plant grows 2½ to 3 ft. tall and is constantly in flower. Shiny green, wax-like foliage is rugged and forms an excellent contrast to the red blooms.

AAA Grade — \$1.19 ea.

AA Grade — \$.89 ea.

LAVENDER PINOCCHIO

A true clean lavender enriched by a mass of golden yellow stamens in the open bloom. This lovely color changes at various stages. The masses of tight buds are warm chocolate-brown overlaid by dusty pink. As they open, this dusty pink is followed by smoky pink-lavender. At this stage the edge of each petal is delightfully frilled and has a clean delicate lavender border. Outer petals are darker than those in the center, but when at last the flower is wide open, the colors soften to dainty silver-lavender with faint suggestions of rosy pink. (Pl. Pat. No. 947)

AAA Jumbo Grade — \$1.50

IMPROVED LAFAYETTE

Especially bright crimson, velvety-petaled flowers 2½ to 3 inches across. Makes a constant show in the gardens. Produced in generous clusters, the dainty buds open slowly until each cluster bursts with handsome crimson flowers. These enormous clusters last two and sometimes three weeks. As one flower finishes, new buds open to take its place. Sturdy and hardy, with an 18-inch disease-resistant bush.

AAA Grade — \$1.19

AA Grade — \$.89

PINOCCHIO

Thousands of our customers know and love the widely acclaimed Pinocchio Rose. Its delicate beauty goes straight to your heart. Great clusters of gracefully pointed buds of rich salmon flushed with gold at the base open up to long-lasting exhibition-formed blooms like miniature Hybrid Teas. As the "sweetheart" flowers open, they change to soft, lucid pink and shade into deeper pink at the edges. This persistent bloom continues all summer long. The 20 to 24-in. plant is extremely hardy. The ample, rich dark green foliage is very disease-resistant. Carefree as the puppet Pinocchio are the captivating buds and blooms of this perennial favorite. Cool pink masses are refreshing. (Pl. Pat. No. 484)

AAA Jumbo Grade — \$1.50 ea.

Prize Winning Wolfe Nursery Roses

To make it easy for you to get the most from your Rose budget, our rose list is made up of only the finest types and varieties. We grow the most popular and dependable older roses along with the most exciting new ones. All of them selected for hardiness, abundant bloom, and easy growing. Among the hybrid tea roses, you have a remarkably wide selection to choose from. We especially recommend Peace and truly believe it to be the most outstanding rose of all time. The All-American "Helen Traubel" is a color sensation that is sweeping the nation as well as winning awards abroad. We love all of the rose varieties that we grow — and each variety is outstanding — as our customer, you are assured of one thing when you buy a Wolfe Nursery Rose — you're assured of quality — above all.

Sister Therese

Stunning Yellow Rose

The long-pointed buds are chrome-yellow, heavily marked with carmine; the open flower is rich daffodil-yellow and holds its color well. It has a sweetbrier fragrance. The blooms come freely on splendid cutting stems. Leathery, bronzy green foliage on bushy, strong plants. Among the finest of yellow roses for home gardens, deserving to be widely planted. Labelled YELLOW over RED.

PEACE

*Chrysler
Imperial Rose*

(Left) Like a precious stone, Chrysler Imperial displays jewel-like tones of vivid crimson in the broad, open petals, heightened by dark overtones of glowing oxblood-red, with the gem-like luster of garnets in the folds. These tones retain their sparkling beauty throughout the life of the flowers. Evolving from long, tapering, velvety maroon-red buds, this lovely rose, like the facets of a diamond,

changes with the play of light; as it opens to its full 4½ to 5-in. size, the iridescent shades of red become more brilliant. The abundant, very large, high centered blooms are borne singly on perfect, sturdy, medium long cutting stems. The beautifully formed flowers have 40 to 50 wide petals, symmetrically arranged and overlapping. This All-America selection winner for 1953 has a well balanced, compact bush with abundant dark green foliage. Plant Pat. No. 1167.

PRICE EACH: AAA Jumbo Grade — \$2.50
3 or more — \$2.20 Each

PEACE

Certainly this All-America Winner for 1946 is one of the most beautiful of all Roses. Perhaps its chief beauty is the great range of colors through which it passes. The full ovoid bud is deep yellow, with the edges of the petals picoté cerise. It slowly opens to a glorious 5-inch bloom with shades of canary-yellow, pale gold, cream, pearly white, and apple blossom. Although the bloom is unusually large, double and long-lasting, the dainty coloring gives it marvelous beauty. The plant is just as large and fine as the blooms, being above average in size, and the flowers are borne on long straight stems above the vigorous shining foliage. The fragrance is moderate. No such amazing combination of strong stems, fine lasting qualities, and huge, perfectly formed, delicately colored Roses, ever existed before. Plant Pat. No. 591.

CHARLOTTE ARMSTRONG

Since its introduction when it won the sole All-America Award, Charlotte Armstrong has become the favorite rose in thousands of rose gardens throughout the country. In our opinion, it remains the top All-America Winner out of all the fine varieties given this honor. Certainly it is one of the finest roses that we grow here at Wolfe Nursery. If you are planting it for the first time, you will marvel (as we still do) at the beauty of the lovely, long carmine-red buds, with their perfect streamlined form, and at the magnificent open blooms of rich cerise. The open flower is usually 3 to 4 inches in diameter, with about 30 petals, high-centered, remaining a beautiful rich color until the last petals drop. No printer's inks can illustrate the richness of its color—you have to see it to appreciate it. Plant Pat. No. 455.

As Magnificent as it's Namesake

HELEN TRAUBEL

Once in a while a new rose appears which from the very first displays such superior qualities that there is never any doubt about its ultimate popularity. Such a rose is Helen Traubel, which we think is probably the finest new variety that we have introduced since Charlotte Armstrong. The All-American judges have confirmed our opinion by honoring it with an AARS Award for 1952. In Italy the Gold Medal of Rome was conferred upon it in June, 1951. The color varies with the weather—sometimes a light sparkling pink, more often a luminous apricot color (its most characteristic shade), sometimes verging into a rich bronzy orange. Its unusually large, long slender buds are magnificent in themselves.

Colorful RED BUD

TREES

COLORFUL FOLIAGE
BRIGHT FLOWERS

Grown For — and Adapted to the SOUTHWEST

Wolfe Nursery Shade Trees are grown primarily for the South — Therefore are adapted to take our southwestern climate in its stride — Because of our wind — our sand — and many times our extreme heat — or cold — it means a great deal to the home owner to buy a tree grown for — and adapted to — this area — You receive the best in shade trees from Wolfe Nursery — Trees that will be a source of pleasure for you and your family to enjoy for years to come . . .

NOTE, PLEASE — Our featured trees — Non-Fruiting Mulberry and Mimosa are pictured on the back cover.

RED BUD

One of the all time favorite ornamental trees — masses of lovely red blooms covering the limbs in March or April — Its leaves are huge and round shaped with a rich green coloring — Few, if any, flowering trees surpass it for sheer beauty — It is classed as a dwarf tree, growing to about 25 feet — however many choose to prune severely and grow it as a shrub. Our Red Bud trees are particularly nice this year — Plan on Red Bud for color in contrast in your landscape . . .

PRICES:

Large Trees — \$2.69 Medium Trees — \$1.95 Small Trees — \$1.49

SYCAMORE

A widely planted, beautifully shaped tree that provides plenty of shade. Peeling bark, which comes off in large pieces leaving a smooth cream colored trunk, makes Sycamore an attractive tree. It is an impressive tree, used for street planting throughout the South. Labelled RED over YELLOW.

PRICES: Large Trees — \$1.95 Medium Trees — \$1.59 Small Trees — \$.98

CHINESE ELM

A popular fast growing upright shade tree. It grows into a huge graceful green tree before you know it. Shading a west bedroom, I have one of those lovely Elms that is 35 feet tall, and has a spread of 40 feet. It must have a diameter of 2 feet at the age of 14 years. Dress up your home and lawn with stately shade. Plant shade trees for a background for your home — never in front, unless your home faces west. Chinese Elm is labeled RED over WHITE.

PRICES: Large Trees — \$1.95 Medium Trees — \$1.59 Small Trees — \$.98

A NEW — FAST GROWING — GOOD LOOKING TREE FOR YOUR YARD

Modesta Ash

A BEAUTIFULLY SHAPED YARD TREE DROUGHT and ALKALI TOLERANT

A beautiful round-headed, medium-sized shade tree, being a relatively fast grower, it attains a height of 35 to 40 feet. It is, furthermore, an exceptionally clean tree, has no bothersome seed pods, and sheds its leaves all at once in the fall. All these features, plus its compact habit of growth and its tap root system, make it an ideal street tree. In fact, it is excellent anywhere, where a medium-sized permanent shade tree is desired close to buildings, or where the root space is somewhat congested. It is also drought and alkali tolerant.

FLOWERING CRAB APPLE

The most popular Flowering Crab. Beautiful in bloom, beautiful in foliage, beautiful in fruit. In the spring, it is completely covered with the fragrant, bright pink flowers. From midsummer to frosts, the clusters of small, red fruit gleam brightly along the branches. It makes fine jelly. In the spring, the foliage is a rich maroon. Perfectly hardy, easy to grow, thriving in any soil.

More and more, landscape architects are recommending Flowering Crab as the most desirable of small size ornamental trees — Its early blossoms mean Spring, in no uncertain terms.

PRICES: Large Size Trees — \$2.29 Medium Size Trees — \$1.69

GOLDEN RAIN TREE

No picture can do justice to this rare, low growing tree. Its long clusters of pure golden yellow are similar in form to the well known Wisteria, and often reach 18 inches in length, as many as 6 or 8 clusters on a small twig. Does well in either partial shade or full sun. A show plant all season, with its decorative green bark and large, clover-like leaves.

SELECT 4 to 6 ft. Trees \$2.89

PURPLE FRINGE SMOKE TREE

SOMETHING TO RAVE ABOUT—the one and only cloud-like foliage tree that looks like a volume of smoke. A worthwhile addition to the garden.

A tree much admired for its curious fringe or hair-like flowers that cover the whole surface of the plant. Handsome foliage adds its share of beauty. Likes plenty of sunshine and light, well drained soil. Grows to a height of 10 to 12 ft., its spreading habit requires considerable space. Especially desirable as a specimen tree.

2 to 3 ft. — Select Trees \$2.49

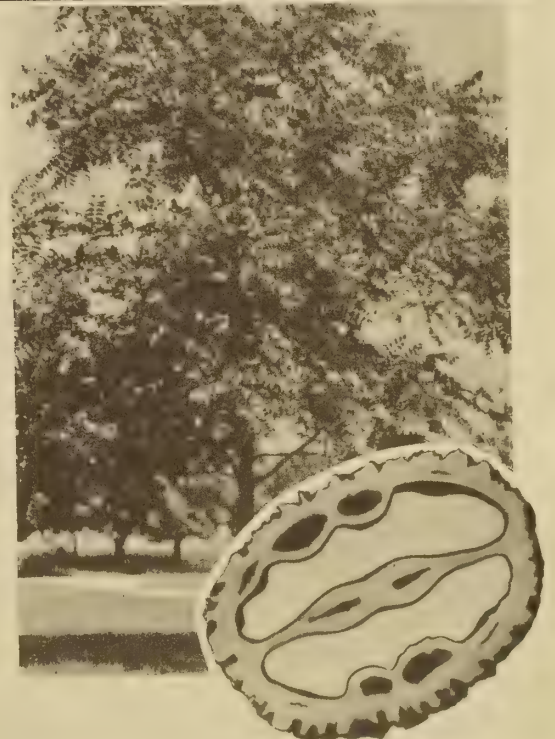

THOMAS BLACK

A BEAUTIFUL SHADE TREE PRODUCING FLAVORFUL, TASTY, THIN-SHELL WALNUTS

This Jumbo, thin-shell Black Walnut will grow and bear in all sections —from the Gulf Coast to Canada. How easy it is to pick tasty bushels of these big, delicious walnuts from your own trees and store them for those cold winter days for eating fresh or making delicious candies. Thomas Black is an ideal shade tree. It grows fast—is disease-resistant—and its deep green leaves make valuable shade in your yard. Thomas Black starts bearing the first year in our nursery rows. Some trees are now producing from 20 to 30 bushels of giant Walnuts. Labelled with two RED stripes.

Good Looking—Good Eating—Rhubarb—Asparagus

VICTORIA RHUBARB

The first plant to furnish fresh sauce for pies in springtime. Will last a lifetime. Will provide lots of juicy stalks after the first year. Plant two feet apart. Set the roots straight up and down, with the crown about two inches below the surface of the soil. Last fall, Mrs. Wolfe planted Rhubarb in her side yard. Not only did she have an abundance of juicy rich Rhubarb for sauce, the huge, caladium-like leaves of the dark green plant added unusual color and beauty to her landscape.

RHUBARB PRICE — 12 for \$1.95

MARTHA WASHINGTON ASPARAGUS

Introduced by the U. S. Department of Agriculture a few years ago. Produces large, tender, green tips. Famous for its mild, rich, full flavor. A few roots produce many tips. Plant them 12 inches apart in the garden. In the field, the rows can be 4 feet apart. 5,000 roots will plant an acre.

ASPARAGUS PRICE — 12 for \$1.25

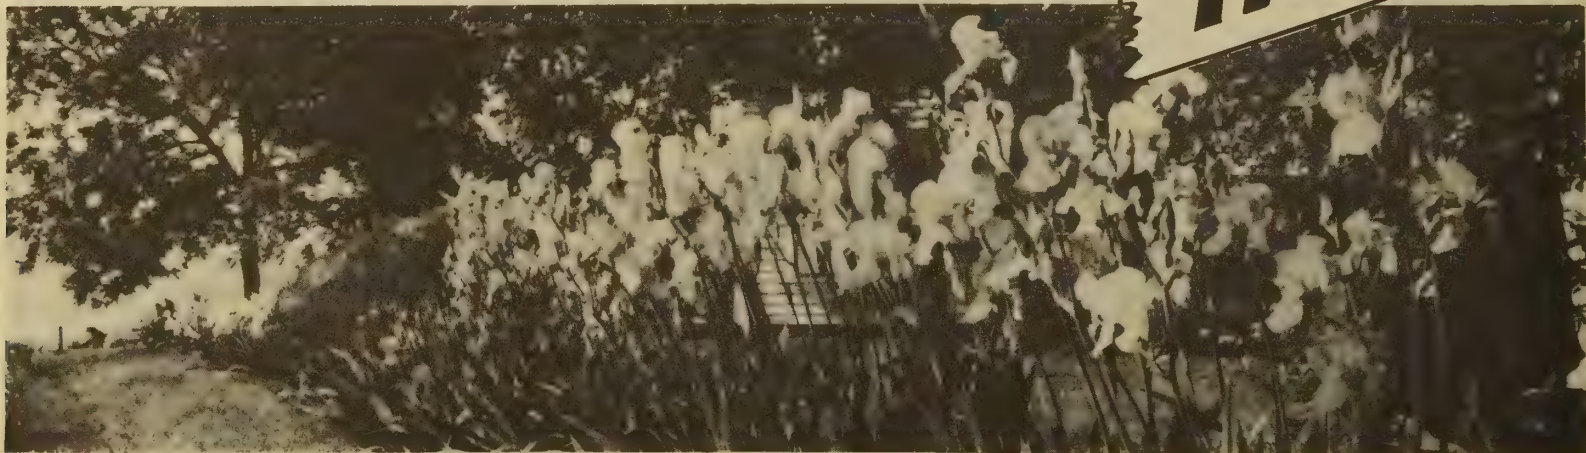

Wolfe's Blue Ribbon

IRIS COLLECTION

A carefully selected group of Blue Ribbon Iris, blended together to make a unique collection for a landscape desirous of color. . . . Seven distinctive varieties make up our Iris collection.

SOUTHWESTERN SNOWFLAKE
(DEUTZIA — PRIDE OF ROCHESTER)

MEXICAN TUBEROSE

Flower spikes 30 to 36 inches tall, with very fragrant, waxy-white flowers from July to frost. Very fine cut flower as a single spike will perfume a room. Often 20 or more flowers on a single plant. Grows in full sun or part shade. Plant the bulbs outdoors after all danger of frost is over and the ground has become warm, covering with 2 inches of soil. For earlier blooms, you can start them indoors in pots and transplant outdoors when danger of frost has passed. They are attractive in the border and excellent for cutting. Dig in the fall and store just like Glad bulbs. Our large best quality No. 1 Bulbs will produce far more flowers than the small No. 2 size.

6 for .98

GIANT HYBRID COLUMBINE

Columbine brings to your garden or a bouquet, a "fairy" touch that no other flower can give. The colors are so rich, so clear, so exquisitely lovely and they blend perfectly. The flowers are much larger than pictured, up to 3 inches across, with spurs 4 to 5 inches long. Come up year after year, grow 2 to 3 feet tall and bloom so generously in the spring. Thrive in ordinary soil and prefer partial shade, especially from afternoon sun. Our plants will bloom this season.

4 Plants only \$1.89

BLEEDING HEART

A favorite in Grandmother's garden half a century ago, it is equally popular today. Grows 2 feet tall. Thrives in partial shade, but will grow in full sun. Attractive foliage. Graceful heart-shaped pink flowers in April-May. The plant becomes larger, more beautiful, each passing year.

PRICE: \$.98 Each

BLEEDING HEART SPECIAL

3 Bleedings Hearts for a group or mass planting. You save at sale prices.

PRICE: \$2.39

EVERGREEN ENGLISH IVY

Ugly bareness becomes a spot of beauty when buildings of stone, concrete, or stucco, and "hard-to-cover" slopes and banks are covered with dense, rich glossy evergreen foliage of English Ivy. Famous for long life. Mass effect can be created by planting 2 to 3 feet apart.

PRICE: \$.98

**ENGLISH
IVY SPECIAL**

Nearly everyone that plants needs at least 3. Here's a special offer on 3 plants.

3 for \$2.10

FORSYTHIA

The first shrub to bloom in early spring, its bright yellow flowers light up the yard. Grows 6 to 8 feet tall, in sun or partial shade. Hardy, easy to grow, thrives in ordinary soil. The light green bark is attractive all winter.

Vigorous 2 to 3 ft. Plants — \$.98

THE WOLFE NURSERY

BUILT ON

Customer Confidence

WOLFE NURSERY
MONEY DOES GROW ON TREES

ROSS R. WOLFE

For many, many years — actually, over a third of a century — good customers have depended upon Wolfe Nursery for their every plant need — Customers who have faith and confidence in what we say and what we sell — Customers that have come to know that the name Wolfe Nursery means quality, above all — Fair, square dealings — prompt, friendly service — and — prices that are actually lower because they are dealing *direct* with the grower — There's no middle man when you buy from Wolfe Nursery . . . Yes, this largest nursery in the South was built on customer confidence . . . But you know it's not that we are large that we earned the customers' confidence — It's not because of our modern buildings — or — the vast acres of ground that we grow our plants on — *It's because of the character of a company that makes it great* — because it is honest with its customers, sincere, conscientious — and genuinely interested in the people that trust us, when they order from us — Won't you order from us today — You'll receive the best in plants — at the fairest of prices — You, like our many regular customers, can depend on Wolfe Nursery.

E. E. RISIEN

E. E. Risien received the Gold Medal for his outstanding contribution to horticulture. This grand old man gave many new and valuable varieties to the Pecan world, such as Garner and Western Schley. By Mr. Risien's request, Wolfe Nursery is continuing his breeding work for bigger and better Pecans.

J. W. STUBENRAUCH

Famous breeder of Frost-Resistant Peach varieties. Frank and Frankie are two of several outstanding creations that have set production records. By his request, Wolfe Nursery is continuing his breeding work in Peaches.

T. V. MUNSON

World famous for creation of over 100 new Grape varieties. Carman is the leader. Received many medals from France and other countries. We purchased the famous Munson vineyards to preserve his many varieties and continue his work.

Money DOES

Grow on Trees

Ross R. Wolfe founded Wolfe Nursery in 1920 and devoted his life to the selection and breeding of better fruit and nut varieties. Pioneer in soil building and diversified farming, paying orchard practices and civic improvements. Served as President of Texas Nurserymen, Pecan Growers, Fruit Growers, Chamber of Commerce, Lions Club, and Director of American Association of Nurserymen. His high standards and business ethics are known by the thousands who have continued to be loyal customers. I, Hugh Wolfe, and every member of Wolfe Nursery, pledge strict adherence to the policies and standards of Ross Wolfe.

ROSA MULTIFLORA

The Miracle Living Fence

The very best, most colorful, all-purpose hedge grown. It makes a dense, thorny barrier that stops traffic across your yard or garden. And just as it keeps livestock in a field, it keeps your pre-school youngsters from wandering out of the yard. In the spring, even if trimmed, it bears clusters of small, white, wild roses, and, in the fall, the berries turn a pretty bright red. If you let it grow, it will get tall enough to make a good screen. Ideal on terraces because it stops washing. Does not sucker or spread so does not interfere with nearby plants or garden, and you'll find it easy to run a lawn mower under its arching branches. Grows 2 ft. to 6 ft. high, depending upon how you trim it. We do not offer the small conservation grade as we believe the loss in planting is too great for that size plants. And our Super Grade will make you a hedge in a hurry.

Our Most Popular Hedge

Amoor River Privet

(PICTURED LOWER RIGHT)

If you do not know what hedge to plant we recommend this very highly. It is by far the most popular hardy trimmed hedge. It makes a permanent hedge, lasting for generations. Not only adds beauty, it also protects your yard, especially if you have a corner lot. It is fine for a division line between yards. Can be trimmed to any desired height, making a thick dense hedge, without thorns, right down to the ground. Requires trimming only twice during the summer. But if you trim it 3 or 4 times it becomes more dense and bushy. Leaves are rich, dark green, and hang on until very late fall. Plant 1 foot apart.

RED LEAF BARBERRY HEDGING

There is nothing as strikingly brilliant in hardy shrubbery as our genuine true red strain of Red Leaf Barberry. Its abundance of thick red maroon leaves fairly glisten and make a novel contrast to other plants. Grows about 3 to 4 feet tall. Plant for single specimens, corner groups, solid border hedge, etc. Beautiful in front of a light-colored home. We have recently seen several informal hedges of Red Leaf Barberry . . . Due to the habit of growth of the plant and most of all, due to its scarlet coloring, it makes a most delightful and different hedge . . . Plant about 2 ft. apart.

10 Plants — \$5.95 20 Plants — \$11.29 30 Plants — \$16.69 40 Plants — \$21.95

AMOR PRIVET (See Copy Left)

JAPANESE LIGUSTRUM

RED LEAF BARBERRY

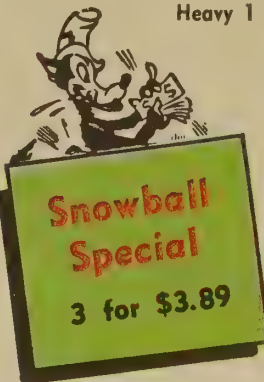

Colorful HYDRANGEA P. G.

This grows in sun but prefers partial shade, does well even on north side of house. Giant cone-shaped flowers are white at first, then turn pink and bronze. When cut, they last for weeks inside. Grows 4 to 6 feet tall, blooming from mid-summer to frost.

Heavy 1 yr. Plants — \$1.69

Wolfe's Wonder SNOWBALL

In spring this shapely shrub is completely covered with blooms so fragrant they perfume the entire yard. Flowers open light pink, becoming white. A perfect shrub, 5 to 6 ft. tall and just as wide. Deep green foliage colors bronzy-red in fall. Very hardy, grows in full sun or part shade. Planted from coast to coast. Makes a magnificent specimen and very attractive in any shrub planting. Remember that you should never use Sulphur dust or spray on or near any Viburnum.

Select 1 yr. Plants — \$1.49

Cardinal Shrub

(WEIGELA VANICEK)

The Shrub of the Century

Every so often there comes to our attention a plant so unusual, so outstanding, so spectacular that it merits inclusion in our catalogue. Such a plant is the new Weigela "Cardinal Bush." It is a hardy plant—a flowering shrub that can be depended on to produce its blooms in exciting abundance each year. All of its many branches are engulfed with trumpet-shaped, red blossoms. It is an everblooming flowering shrub that complements your landscape the year round with delightful wine-red sprays. Its foliage is rich and luxurious and the contrast of color between bloom and foliage is a joy to see. Usually new introductions are priced high because of the expensive research that a reputable nursery must undertake, but we know that the Weigela "Cardinal Bush" is destined to great popularity here in the South—so—we are pricing it low, depending on its success in your yard to bring repeat orders from you as well as your neighbor. Order today for the newest, the best, from Wolfe Nursery.

Select 1 yr. Plants — \$1.95 Each

FLOWERING SHRUBS

CRAPE MYRTLE

Watermelon Red-Pink

Our most popular flowering shrub, and certainly one of the best loved and admired flowering shrubs of all time. Our Red Crape Myrtle is a watermelon-red color, the finest strain of red that we have ever grown. Our Pink Crape Myrtle has a deeper color than most ordinary strains. It is a lovely Rose-Pink with huge clusters of blossoms.

2 to 3 ft. Plants — 98¢

CRAPE MYRTLE OFFER

3 lovely Watermelon red Crape Myrtle at a big saving. All 3 heavy one-year plants. *for \$1.95*

PINK ALMOND

This lovely pink blossom shrub with creamy white tassels forming a dainty center of the flower lends an unusual beauty to any landscape. It is adapted to almost any section and is deserving of its popularity as an early blooming specimen. Mix plenty of flowering shrubs of different colors in with a well-arranged evergreen foundation planting and your landscape will be a thing of beauty.

2 to 3 ft. Plants — 98¢ Each

ALTHEA

Red - White - Pink - Purple

Beautiful double flowering varieties of Red, Purple, Pink and White that shower blooms from the middle of July until frost. Big, bright green leaves. These hardy, fast growing Altheas make one of the showiest of mid-summer flowering shrubs.

2 to 3 ft. Plants — 98¢

CYDONIA JAPONICA

An aristocratic early blooming shrub that puts on showers of lovely salmon-red flowers in February or March, before the dark green leaves appear. This mass of red blossoms remains for 3 or 4 weeks. An extremely hardy shrub that is used in front of evergreen foundation plantings with striking results. A border of Cydonia is a breath-taking sight.

1 to 2 ft. Plants — 98¢

FIESTA FLOWERING SHRUB SPECIAL

colorful

CUSHION MUMS

Grow about 2 feet tall and 2 feet wide. A RIOT of colors and entrancing beauty in the fall. The most show for your money — Thousands of lovely colorful MUMS to brighten your home from early fall until frost. Decorate vacant spots — borders or a special garden with all five colors and have bushes of gorgeous blossoms the first year. They make a lovely deep green globe during the summer and all the blossoms seem to pop out overnight. Cushion Mums will be shipped separately from the rest of your order — usually around the latter part of April and first part of May. When your Mums arrive, plant them right away. **IMPORTANT:** Cut all the tops off about 2 inches above the ground. This causes the plant to spread and make a better growth. Soak the ground when planting and keep moist and shady for several days.

Colors — RED-PINK-BRONZE-YELLOW-WHITE

All 5 Mums only \$1.79

CRIMSON TIDE

HARDIEST OF ALL RED BERRY PYRACANTHA

Our new hardy Pyracantha that is a sensational beauty. It is lower-growing than most Pyracanthas, and it produces more and larger bright red berries than any other variety. Its leaves are broad and dark green. Its blooms, a bright, bell-like white. Its berries, in cluster, are outstanding all during the winter. Perfect for specimen planting or informal hedge.

We have a large Crimson Tide Pyracantha growing in front of our Nursery Store, and you should see it . . . Visitors say that they never did see such a beautiful Evergreen Plant. Its berries, however, mark it as most unusual. Huge clusters, and the berries are on it for months.

Buy and save—and enjoy it all year, every year.

Select 2 yr. Plants — \$1.25 Each

Pyracantha “GOLD NUGGET”

PYRACANTHA LELANDI

Wolfe Nursery's wonder pyracantha, Gold Nugget, is the gem of all Pyracantha. Its masses of berries are each rich golden in color against deep green foliage. Before its berries come on in late summer and fall, it puts on a magnificent display of bell-like, snow-white blossoms. Most important, it is hardy for all sections. Grow Gold Nuggets in your yard this year!

2 yr. Plants — 98¢

Buddleia

Summer Lilacs

Four new Buddleias, each the finest of its color, and all blooming profusely and continuously from early summer to frost. No other shrub can compare with them for freedom of bloom. They make a compact bush, 4 feet or so tall. The roots are hardy, the tops die down in winter, then come up again even more vigorously next spring. The lovely fragrant flowers are beautiful in the garden and fine for cutting.

The beautiful old purple Lilac that you and I have known since we were kids. I have the original pure strain that grows tall and is covered with huge blossoms that only Mother Nature can provide. Fragrant and is often used as an informal hedge or as a flowering shrub under high windows.

PRICE: Each — \$1.29

BURNING BUSH

GREAT NEW FLOWERING SHRUB

One of the most beautiful and colorful — of all shrubs, it becomes a different color with each season. There are bright yellow flowers in May and June — then red berries for late summer and fall. The foliage is an attractive dark green throughout the summer, changing to a brilliant crimson tinged rose in the fall. An unusual cork-like bark adds charm and contrast all through the winter months. Wolfe Nursery's Burning Bush thrives in all sections. The plant is compact and bushy which makes it ideal either as a foundation plant or as an individual specimen. Burning Bush is an outstanding addition to our select flowering shrubs — attracting attention during spring — summer — and fall. A contrast plant that you will be proud to grow in your yard.

Large Size Landscape Plants — \$2.95 Each

GOLDFLAME HONEYSUCKLE

Our new sensational Goldflame Honeysuckle is everblooming and unusually heavy blooming. Its blooms are bright red with bright golden yellow. For growing either in the sun or shade . . . for unusual eye-catching beauty all summer, plant Goldflame, outstanding of all honeysuckle.

2 yr. Plants — \$1.29 Each

Nandina

The unusual Evergreen that changes color with the season. Bright green in the summer, turning to vivid shades of fire-red in the winter. Covered with clusters of scarlet-red berries all winter. Grows 3 to 5 feet tall. Can be pruned to desired height. Use under windows and mix with other greens for year-round beauty.

98¢ Each

PHOTENIA

A large handsome Evergreen with slightly curled, indented leaves. The new foliage in the spring is a contrast of bright colors and in the fall, they produce an abundance of scarlet red seed pods that look like a mass of red berries. Thrifty grower that can be used many places in the landscape. Will grow from 5 to 7 feet tall, but can be pruned low.

2 yr. Plants — 98¢ Each

BONITA

Our deep green dwarf type Evergreen that is widely used . . . it grows compact, and is as round as a ball . . . Bonita is an ideal plant to use with the tall, columnar type of Evergreens.

2 yr. Plants — 98¢ Each

BAKER

A beautifully colored, deep green, globe-like plant, especially suited for foundation or hedge planting. This evergreen is lovely and compact when sheared. Its year-round greenery means year-round color for you and your family to enjoy. Order today for beauty in evergreens in your yard.

2 yr. Plants — 98¢ Each

ITALIAN CYPRESS

A tall, graceful, slender evergreen with dark green foliage. Need not be sheared — grows 20 feet tall, but can be kept to desired height by pruning top. Use with Pfizer Junipers to build up tall lines in the corners of your home.

RED LEAF BARBERRY

There is nothing as strikingly brilliant in hardy shrubbery as our genuine true red strain of Red Leaf Barberry. Its abundance of thick maroon leaves fairly glisten and make a novel contrast to other plants. Grows about 3 to 4 feet tall. Plant for single specimens, corner groups, solid border hedges, etc. Beautiful in front of a light-colored home. We have recently seen several informal hedges with Red Leaf Barberry . . . Due to the habit of growth of the plant and most of all, due to its scarlet coloring, it makes a delightful and different hedge . . . Plant about 2 feet apart.

RED LEAF BARBERRY

ABELIA

One of the rare Evergreen family that blooms from May until frost with a mass of fragrant white flowers that have a very light touch of pink. Each flower is cradled in a bell-shaped cup with six petals of dark purplish red. This array of exquisite blooms has for a background a willowy dense, glossy green foliage that changes here with the season. Grows 3 or 4 feet high.

2 yr. Plants — 98¢ Each

PFITZER JUNIPER

Most handsome and useful Evergreen for the landscape. This popular spreading Juniper has beautiful silver-green weeping branches and works in nicely with Italian Cypress Bonita or as a fill for borders and walk planting. Reaches a spread of 4 to 6 feet and can be pruned to any desired shape.

2 yr. Plants — 98¢ Each

WOLFE'S ABELIA

YELLOW JASMINE

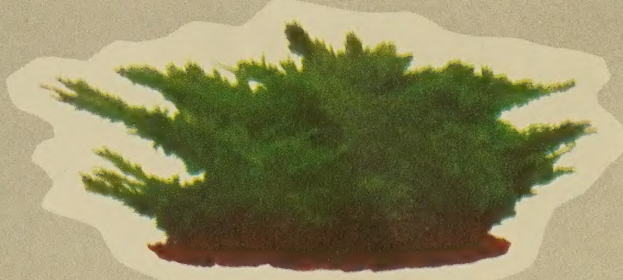

We have selected this variety out of several Jasmynes. Its long, slender branches arch and hang to the ground. The foliage is a bright tender green that is covered with gorgeous little yellow flowers all summer.

2 yr. Plants — 98¢ Each

WAXLEAF LIGUSTRUM

One of the finest broad-leaved Evergreens grown in the South. This aristocrat of the Evergreen family has showy, thick waxy leaves that are dark green on top and light green on the under side. Can be pruned to any shape for specimen plants, or beautiful informal hedge.

THE FASTEST GROWING SHADE TREE OF ALL TIME

WOLFE NURSERY

Fabulous

FRUITLESS MULBERRY

From the first day—the first minute—that we saw this big-leaved, smooth-barked shade tree, we knew that it was destined to be the most sought after—most desirable shade tree of all time . . . We planted and tested—and it exceeds our fondest expectations—It grows like a weed, twice as fast as any other tree we've ever seen. It grows as pretty and straight and branches as perfectly as you could ever ask. It is hardy and absolutely bears no fruit. Its leaves are huge, even on young trees; they are larger than your hand. Its trunk and branches are as smooth as can be . . . We are enthusiastic over this new shade tree. It is the best we have seen. It answers the need of everyone for a fast-growing—long lived—good—shade tree. Our supply is limited.

UNANIMOUS ACCLAIM

Never before has a shade tree received such acclaim from our customers. From all sections come letters concerning fantastic growth. Customers like the straight, smooth trunk and extra large leaves—they like its hardy characteristics and disease-resistant qualities . . . As one man said, "Your new Mulberry has everything."

PRICES:

4 to 6 ft. Trees — \$2.69 ea. — 3 for \$5.95
6 to 8 ft. Trees — \$4.95 ea. — 3 for \$12.95

FLOWERING MIMOSA

Colorful Ornamental Shade Tree

This unusual and most beautiful of all flowering shade trees is in such great demand that we have never been able to supply enough trees. The young, spreading tree pictured at right of this page gives you some idea of what a colorful shade tree it makes. Actually, no picture can capture the amazing beauty of a Mimosa. It has an umbrella-like top with light green foliage that folds up at night. Fragrant, fluffy tufts of pink blossoms literally cover the arching limbs in the summer. It is extremely hardy and is adapted to all sections. Labelled RED over GREEN.

PRICES:

Large Size Trees — \$2.79
Medium Size Trees — \$1.95
Small Size Trees — \$1.49

SPECIAL FLOWERING MIMOSA OFFER
